# Easy-to-Use, Affordable and 100% Flexible Employee Performance Management Software

Since 2004, emPerform has been delivering **simple, affordable and powerful performance management software** to help organizations automate and streamline performance management and engage employees year-round. emPerform's award-winning software suite comes standard with all of the tools needed to modernize employee performance management.

**Everything is included in one package for one great price. You won't spend a cent extra for 'modules' and you are free to use all of the functionality if and when you choose.**

## Online Reviews & Self-Assessments

Ditch the folders and spreadsheets! Get online reviews and on-demand forms that are incredibly easy-to-use, simple to configure, and flexible to your needs.

## Goal & Development Tracking

Align employee goals with organizational objectives, cascade goals to teams & monitor the status year-round.

## 360° Multi-Rater Reviews & Online Surveys

Get a complete view of performance and engagement with integrated 360° reviews & unlimited online surveys.

## Succession Planning

Use the Nine-Box Talent Matrix to identify individuals that have the potential to meet new challenges.

## Ongoing Feedback & Check-Ins

Engage managers and employees in frequent feedback and check-ins to acknowledge and boost performance.

## Compensation Planning

Ensure rewards are allocated fairly and consistently across your entire organization.

## Reporting & Status Tracking

Access powerful reports and dashboards to track status and analyze performance and results in real time.

# Measurable results with emPerform

“

“Our measure before emPerform was 46% on-time completion for evaluations. Now it is 96%!”

“

“I have never met a product or vendor I enjoy working with more. emPerform is elegantly designed, user friendly, intuitive, robust... in a word, perfect.”

“

“The only thing more responsive than the software is the incredible support team behind it. I wholeheartedly recommend using it!”
